Test Case ID: 1

Test Priority: High

Module Name: Sign Up

Test Title: Sign Up

Purpose: Testing if the Sign Up functionality works as intended

Related Requirements: 1.1.1.1

Test Designed By: Yusufcan Manav

Test Design Date: 09/05/2017

Pre-conditions: No

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	Open website's homepage	N/A	On the bottom sign up section appears.	Section appeared	OK	not at the bottom
2	Type e-mail address	"example@outlook.com"	N/A	—	OK	—
3	Type password	"123456"	N/A	—	OK	—
4	Type name	"test"	N/A	—	OK	—
5	Type last name	"case"	N/A	—	OK	—
6	Enter birth day	"01/01/1990"	N/A	—	OK	—
7	Select gender	From the dropdown	N/A	—	OK	—

Elif Naz Karakurt

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
8	Press enter	N/A	Redirected to the home page	Redirect to login page	OK	Enter not work

Post-Conditions: A new account is created if this given e-mail doesn't have an account related to it.

Test Case ID: 2

Test Priority: High

Module Name: Log in

Test Title: Logging in InterestHub.

Purpose: Testing if the logging in to the system works

Related Requirements: 1.1.1.3, 1.1.1.4

Test Designed By: Yağmur Ceren Dardağan

Test Design Date: 08/05/2017

Pre-conditions: Having an account on InterestHub.

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	Locate the login bar on the screen	N/A	N/A	–	OK	–
2	Type username	"admin"	N/A	–	OK	–
3	Type password	"4dm1np4ss"	N/A	–	OK	–
4	Press enter	N/A	Redirected to the home page	redirect to homepage	OK	–

Post-Conditions: If his/her email or password do not match with any account's email and password in database, it will appear an error message "E-mail or password is not correct." on the page, otherwise he/she will be directed to the home page .

Elif Naz Karakurt

Test Case ID: 3

Test Priority: High

Module Name: Group

Test Title: Creating a group.

Purpose: Testing if a user can create a group without any problems.

Related Requirements: 1.1.2.3

Test Designed By: Berkay Kozan

Test Design Date: 08/05/2017

Test Executed By: N/A

Test Execution Date: N/A

Pre-conditions: User must be a registered user.

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status(Pass/Fail)	Notes
1	Click "Create Group" button on homepage.	N/A	Group creation pop-up opens.	pop-up opens	OK	—
2	Enter a group name.	"Go lovers"	N/A	—	OK	—
3	Enter group's description.	"This group brings Go players together."	N/A	—	OK	—
4	Click "Select the file" button in "Group Logo" section.	N/A	File selection pop-up opens	pop-up opens	OK	—
5	Select an image file	.jpg/.png	N/A	—	OK	—

Elif Naz Karakurt

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status(Pass/Fail)	Notes
6	Click "Select the file" button in "Group Cover" section.	N/A	File selection pop-up opens	pop-up opens	OK	—
7	Select an image file	.jpg/.png	N/A	—	OK	—
8	Enter tag.	"Brainy"	N/A	—	OK	—
9	Select the tag from the list	N/A	N/A	—	OK	—
10	Choose privacy, public or private.	privacy= "public"	N/A	—	OK	—
11	Click "Create" button.	N/A	The new public group Go lovers's page opens.	group created	OK	—

Post-conditions: A new group "Go lovers" is created. The founder of the group is a moderator.

Test Case ID: 4

Test Priority: High

Module Name: Template

Test Title: Template Creation.

Purpose: Testing whether a user can create a template in a group.

Related Requirements: 1.1.1.2.8

Test Designed By: Yusuf Hakan Kalayci

Test Design Date: 09/05/2017

Pre-conditions: User must be logged in to InterestHub.

Elif Naz Karakurt

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	Browse the "Go lovers" group page	N/A	N/A	—	OK	—
2	Click the new template button	N/A	N/A	pop-up opens	OK	—
3	Fill the template name	"Game"	N/A	—	OK	—
4	Fill the name of the first component	"Name"	N/A	—	OK	—
5	Select the type of the first component	Text	N/A	—	OK	—
6	Click add fields button	N/A	New empty component is created	created	OK	—
7	Fill the name of the second component	"How many people can play"	N/A	—	OK	—
8	Select the type of the first component	Dropdown	N/A	—	OK	—
9	Fill the first selection of the component	"1-3"	N/A	—	OK	—
10	Click add selection button	N/A	New empty selection should appear	created	OK	—
11	Fill the second selection of the component	"3+"	N/A	—	OK	—
12	Click the create button	N/A	The template is created.	created	OK	—

Elif Naz Karakurt

Post-Conditions: A new template is created in the group users can use this template to create content.

Test Case ID: 5

Test Priority: High

Module Name: Content

Test Title: Creating a new content

Purpose: Testing if user be able to create content succefully

Related Requirements: 1.2.5.3

Test Designed By: Emre Eren

Test Design Date: 09/05/2017

Pre-conditions: User must be logged in to InterestHub.

Steps	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	Open a group's home page	N/A	Group timeline should appear	appeared	OK	—
2	Select a template	N/A	Templates components are shown	appeared	OK	—
3	Fill out the template	Needed info	N/A	—	OK	—
4	Click "Post" button	N/A	New content created in the group	created	OK	content styling can improve

Post-Conditions: A new content is created and published on the group. If group is public, content can be seen by anyone, if private, content can be seen by only group members. Content is also recorded in database.

Test Case ID: 6

Test Priority: High

Module Name: Searching

Test Title: Searching for an item

Purpose: Testing if the searching functionality works as intended
